

Dávid Pál

Curriculum Vitae

Home address:

1 River Place, Apt. 2918
New York, NY 10036
USA

email: davidko.pal@gmail.com
web: <http://david.palenica.com/>
cell phone: +1 (646) 206 4832
home phone: +1 (917) 965 2187

Work address:

Yahoo/Oath/Verizon Media
6th Floor
770 Broadway
New York, NY 10003
USA

email: dpal@verizonmedia.com

Employment

- Sep 2014 – present **Sr. Research Scientist at Yahoo/Oath/Verizon Media Research, New York, NY**
I am the lead of the anti-spam and anti-phishing research team for Yahoo Mail. I build machine learning models that filter spam and phish emails. The work is done in Java, Scala, and Python. I also do research in online algorithms for machine learning and in statistical machine learning. I publish at top machine learning conferences (NIPS, ICML, COLT). This year, I am an area research chair for NIPS 2018.
- Sep 2011 – Sep 2014 **Software Engineer at Google, New York, NY**
I was a backend engineer on the Google Ad Exchange team. I co-designed, co-patented and implemented the “passback” ad auction algorithm, which—to this day—processes all the 100+ billion AdX impressions per day and generates revenue of tens of billions of dollars per year. I also worked on the data pipelines for reserve price optimization for AdX. The work was done in C++ and Python.
- Jul 2007 – Sep 2007 **Research Internship at Google, New York, NY**
I co-designed an ad auction algorithm for AdWords that unifies GSP (generalized second price) and VCG (Vickrey-Clarke-Groves) auctions and proved mathematical theorems about it. The end result was an academic paper with description of the algorithm and its properties that Google later used.
- Jun 2004 – Dec 2004 **Programmer at Applied Software Consultants, Bratislava, Slovakia**
I was a software engineer in a small family-run company that develops software for elementary schools and high schools. I worked on a desktop application that keeps track of students, their grades, etc. The work was done in C# and PHP.

Education

- Jul 2009 – Jun 2011 **Postdoctoral Fellow at Department of Computing Science, University of Alberta, Edmonton, AB, Canada**
Advisor: Prof. Csaba Szepesvári
I did research in online algorithms for machine learning and in statistics. I also worked on automated creation of schedules for nurses in the Canadian province of Alberta. The project was later spun off into a start-up of which I am a co-founder.
- Jan 2005 – May 2009 **Ph.D. in Computer Science, School of Computer Science, University of Waterloo, Waterloo, ON, Canada**
Advisor: Prof. Shai Ben-David
Ph.D. Thesis: Contributions to Unsupervised and Semi-Supervised Learning
- Sep 1999 – May 2004 **“Magister Degree” in Computer Science, Faculty of Mathematics, Physics and Informatics, Comenius University, Bratislava, Slovakia**
Advisor: Prof. Martin Škoviera Thesis: Steiner Colorings of Cubic Graphs

Skills

- C, C++, C#, Python, Java, Scala, PHP, Perl, HTML, CSS, Matlab, Maple, LaTeX
- Language skills: fluent English, basic German, native Slovak, quasi-native Czech

Service

- Area chair of NIPS 2018
- Program Committee member of COLT 2017
- Reviewer for ICML 2016–2018, NIPS 2008–2014, 2016, COLT 2007, 2008, 2016, AISTATS 2017–2018, STOC 2008, AAAI 2016, IJCAI 2016
- Organizer of the Internet Problem Solving Contest, <http://ipsc.ksp.sk/>, 2000 – 2004, 2007
- Organizer of correspondence seminars in mathematics and computer science for Slovak high school students 1999 – 2004.

Awards

- co-author of a patent: “Allocation of content inventory units” (US 20160364766 A1)
- co-author of a patent: “Passback auction” (US 20140316922 A1)
- David R. Cheriton Scholarship, 2007 – 2009
- COLT 2006 Best Student Paper Award
- 15th place in ACM ICPC 2000, Central European Region
- 14th place in ACM ICPC 1999, Central European Region

- Bronze Medal, Central European Olympiad in Informatics 1999
- Winner of Internet Problem Solving Contest 1999, High School Division
- Top 10 at Slovak National Olympiad in Informatics in 1997, 1998, 1999
- Top 10 at Slovak National Olympiad in Physics in 1999

Personal

- Citizenship: Slovak Republic
- U.S. Visa status: Permanent Resident (Green Card)
